WEBINARS

RCC offers real-time on-line teleconferencing sessions with an RCC staff member, for on-going training/support sessions. Topics cover general operations, specific functions, accounting applications, interfaced products, etc.

These sessions are also recorded and are available for purchase. Ask your RCC sales rep for more information.

E-mail us at:
sales@rccbi.com

REGISTER TODAY!

THE NEW RCC FDS NEXT GENERATION:

You will see the new screens providing a much more dynamic method for: data query, analysis of data & reporting and a new Point of Sale function are just a few.

If you added accounting modules such as G/L, A/P, P/R, Inventory, Fixed Assets or interfaces (Trucks, Mapping, Sensors) to your initial installation, perhaps you would like more background.

Customer conferences are held around the United States at the major industry conventions. They are an RCC's opportunity to learn what your needs are, answer your questions and concerns, provide further instructions for the many functions,

REGISTRATION:

Fill-in online & submit or print. Fax (320.365.4435) or fold and mail to RCC

"I have been in the propane industry for 25 years and every year I come to these seminars I learn something new that helps me run my business more efficiently." *Comment from SE Customer Seminar*

"I have learned so much in coming to this meeting the last few years. Brian and Susie make it very entertaining throughout the seminar." *Comment from MW Customer Seminar*

Customers intently listening to Brian at one of our customer seminars

features and reports of the Fuel Distribution System. These are excellent sources of information, from RCC as well as other RCC FDS customers. We strongly encourage your attendance at one of the conferences - it is also RCC's commitment to you.
