REGISTER TODAY!

“Are there specific functions in your RCC Fuel Program not being utilized to their fullest potential.”

“Did you start with the basic fuel package and have added modules, such as Accounts Payable, General Ledger, Inventory Control or Payroll, and could use more detailed instruction?”

Through customer seminars, we are able to answer your questions and concerns, provide further instruction to the many functions, features and reports of the Fuel Distribution Program and more.

“We did see things we didn’t or haven’t used before. We always pick up something useful in these sessions.”

- Wayne, Hick’s Gas

“Worth the 4 1/2 hr trip, THANKS!”

-Gordon Swan, Swan Fuel Service

User group seminars held around the United States at the major conventions. These are excellent sources of information and fill up fast.

SOFTWARE BY FUEL PEOPLE FOR FUEL PEOPLE

"Thus far we have delivered over 50,000 gallons more, Driving 560 less miles and making 2 less stops per day. Average gallons per stop for this year is 274 gallons and for last year, these months we were at 243 gallons. Last year we were at 33 gallons per mile and this year we are at 40 gallons per mile. I can't wait to see what happens when it starts warming up." (based on Virtually same degree days each year.)

- Statement from an RCC Customer who is utilizing our package better.

This is a self-mailer. Please complete, refold with RCC address on outside and mail back. Thank you.
