

Credit Card & ACH Vendor Listing

Reliafund – This is the one that we've used since the beginning. They are the processor and the gateway so it's all in one. They handle CC's and ACH's very seamlessly. They will handle credits from RCC. They also handle Payroll direct deposit.

Authorize.net – This is simply a gateway. We recommend Member Services Group as the contact company that handles your accounts but most any company or bank could work with this gateway. It has the most limitations as it cannot handle credits coming from RCC. They also have a much higher rate on ACH's, although they do offer the option.

AMG SecurePay – Processes CC's and can also do ACH. Can handle returns. Does NOT do Direct Deposit.
